

## FAQs – Chapter 1

### How do I distinguish similar sounding letters?

Because some Hebrew consonants sound alike, you will need to pay close attention to spelling when you memorize vocabulary. Study this chart of similar-sounding letters:

|                           |                           |
|---------------------------|---------------------------|
| ט (Tet)                   | ת (Taw with Daghesh Lene) |
| כ (Kaf with Daghesh Lene) | ק (Qof)                   |
| ס (Samek)                 | ש (Sin)                   |
| א (Aleph)                 | ע (Ayin)                  |
